

Hi Everyone,

I'm back again to capture another round of smiley faces. I will begin photographing students straight after the Chinese New Year break.

It will take just over two weeks to photograph every single DC student. I know you'll be eager to see the finished results, but the editing will take an additional two weeks. Thank you for your patience.

Please look out for a notice on the DC Explorer around the beginning of March, to let you know when the gallery is opening.

My online shop will give you the freedom to view and purchase your choice of photos. The process is the same as last year. If you need assistance, please don't hesitate to ask.

If you have yet to order your school photos from last year, don't worry they are still available! The access code is: DCSMILES16

I'm sure you can appreciate that these photos take a lot of time, patience and effort, so thank you for supporting a local DB business.

I suggest you keep this leaflet handy for when it's time to order.

I look forward to seeing some fantastic smiles again!
